FERPA AND STUDENT RIGHTS

What is FERPA?

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. To comply with this law, IUPUI must receive written permission from the student to release any form of personally identifiable information including university ID number, grades/exam scores, GPA, current class schedule, disciplinary status, etc.

Your student has the ability to authorize another person to view specific information through One.IU (e.g., bursar bills, holds on your student's account, grades, class schedule, unofficial transcript, and final exam schedules). See the next section on how your student can set up third-party access.

THIRD-PARTY ACCESS GUIDE

In order to view your student's grades, schedule, or financial information, your student needs to grant you third-party access. Discuss third-party access with your student and follow the steps below.

1. Have your student access one.iu.edu.
2. Search for "Third Party User" or "Parent Access."
3. Follow the on-screen instructions.

Note: Your student will assign a username and passphrase to you. Your student is the only person who can retrieve a new username and passphrase if lost.

Third-party user account: _____

Third-party user passphrase: _____

ADVOCACY AND SUPPORT

When life creates unexpected obstacles, IUPUI is here to provide students with the resources and support they need—no matter if the challenge they’re facing is financial, academic, or personal. Our student advocate can help navigate IUPUI’s policies and procedures and will be with students every step of the way during life emergencies. IUPUI also provides on-campus food and clothing resources—Paws’ Pantry and Paws’ Closet—for any student in need. Both programs aim to help relieve food insecurity and relieve students’ financial burdens related to purchasing clothes. Learn more: advocate.iupui.edu
